

6 PACTM EQUINE

THE Performance Horse Supplement

An advanced supplement designed to support the rigorous physical and mental demands of performance horses, ensuring they maintain optimal health, energy and resilience during intense training and competition conditions.

What it does:

- Helps lower cortisol levels, reducing the negative effects of stress
- Reduces inflammation
- Optimizes gut health
- Improves coat condition
- Reduces recovery time
- Assists in soft tissue repair
- Promotes optimal muscle function, and mental focus and behavior
- Builds a stronger immune system
- Maximizes cell glucose utilization
- Joint preservation
- Provides an optimum ratio of Omega 3's to 6's that assist in joint, cardiovascular, immune, and skin health
- Aids in ulcer prevention
- Balanced Omega 3's from EPA and DHA
