GUT FUEL™

EQUINE PERFORMANCE LICK

Available In:

40lb Flat-back Bucket

50lb Tub with Lid

125lb Tub

200lb Tub

Feeding Directions:

Place GUT FUEL Equine Performance Lick where livestock can easily access the area based on routine routes or near loafing areas. Feed one (1) tub per every 5 to 20 horses. Intake may vary due to animal type, pasture conditions, weather, and other feeds and minerals available.

Horses: Tubs should be fed at the rate of 0.50 to 1.0 lb. per head daily. Access to the tub may need to be managed to achieve desired intake.

Provide plenty of clean, fresh water and free-choice salt at all times.

INGREDIENTS: Molasses Products, Processed Grain By-Products, Calcium Carbonate, Plant Protein Products, Magnesium Oxide, Monocalcium Phosphate, Manganese Sulfate, dl- α -Tocopheryl Acetate (source of Vitamin E), Vegetable Oil, Copper Sulfate, Copper Amino Acid Complex, Zinc Chloride, Copper Chloride, Zinc Amino Acid Complex, Vitamin A Acetate, Manganese Chloride, Hydrated Sodium Calcium Aluminosilicate, Vitamin D3 Supplement, Selenium Yeast, Thiamin Mononitrate, Biotin, Cobalt Carbonate, Calcium Iodate, Ethylenediamine Dihydroiodide, Glucosamine Sulfate, Dried Bacillus Subtilis Fermentation Product, Dried Bacillus Licheniformis Fermentation Product, Sucrose, Sodium Silico Aluminate, Origanum Oil, Silicon Dioxide, Dried Yeast, Yeast Culture, Yeast Extract and Hydrolyzed Yeast.

This product is manufactured in a facility that does not handle or store prohibited animal protein by-products for ruminant feed.

Caution: This product contains copper and should not be fed to sheep.
